Clarification On
WRO 2024 Future Innovators Virtual Championship Submission

This is to clarify that the update on 10 December 2023 called “Future Innovators Virtual Championship Project Submission Guidelines Released” in the UPDATE Section of www.wroindia.org must be referred while preparing submissions for the WRO 2024 Future Innovators Category Virtual Championship.

Hence, please prepare a comprehensive Project Report in PDF format, minimum 5 pages and maximum 17 pages not including front page, table of contents and list of sources as per the submission, ensuring it does not exceed 15MB.

WRO Future Innovators Generals Rules must be followed for the Regional and the National Championship only.

Hope this brings clarity.

Best Wishes.
