## **Announcement: Updates Regarding WRO India Season 2024 Regional Championship**

The **In-person Regional Events** for **RoboMission** and **Future Innovators Category** will now take place in the month of **July and August** instead of June-July.

This change is to accommodate the additional **Event-5** and ensure a decent amount of time for the qualifying teams to prepare for the in-person regionals.

Dates, venue and region for the In-person Events will be announced soon!

Thank you for your continued enthusiasm and participation in WRO India Season 2024!
