Verification Process

During the Registration Desk Verification, officials will verify:

1. Student certificate
2. Coach certificate
3. Other mandatory registration documents

Registration will only be processed after successful verification of all required documents.

Note:

Failure to provide the required WRO Learn certificates during registration may lead to delays in the registration process. Teams that are unable to present the mandatory certificates may not be granted entry to the competition venue until the verification requirements are fulfilled.

We strongly recommend completing the courses and printing the certificates well before the National Championship date to ensure a smooth registration process.

Sincerely,

Team WRO India
